US ARMY DENTAL ACTIVITY

The USA Dental Activity (DENTAC) will provide Dental health screenings for you and your eligible family members.

A representative from the TRICARE Delta Dental Plan for retirees will be available to provide information and answer questions about the program.

Children (age 12 years and under) of retired military service members will be screened for treatment needs compatible with treatment by an Advanced Education in General Dentistry 2-Year (AEGD2) comprehensive dentistry resident under the direction

of WAMC's board certified pediatric dentist, Dr. John A. Gawlik. Each of Fort Bragg's dental residents is a graduate of one of the Canadian or US dental schools and holds an active dental license from one of the Provinces, States, or the District of Columbia.

Children's tooth prints dental IDs will be provided to retirees who bring their children to the dental clinic.

Tooth prints provide a dental imprint and salivary sample effective for Scent-Dog tracing and DNA analysis in the event of a missing child.

Legal Assistance Office

Macomb & Armistead
Streets, Bldg. 2-1133

Lawyers and legal personnel from the Fort Bragg SJA offices will be available during Retiree Appreciation Days to provide various legal services including drafting wills, preparing powers of attorney, and notarizing documents.

Will preparation takes approximately 30 minutes per person, and each spouse needs to have their own will prepared.

SJA personnel can draft your will as long as you are a US citizen (except for residents of Puerto Rico or Louisiana) and your assets are less than \$1,000,000. Estates over that amount could face tax consequences, so you should consult with an attorney specializing in estate planning.

A will work-sheet outlining your desires must be completed prior to meeting with an attorney. It is available online at dragonnet.bragg.army.mil/sja/LAO.htm, or it can be picked up at the Fort Bragg Legal Assistance Office located at the corner of Armistead St. and Macomb St. on Fort Bragg in building 2-1133. Additional copies will be available at the Retiree Appreciation Days site at Womack Army Medical Center.

LIVING WILLS

Living wills and health care powers of attorney are offered along with the basic will. Living wills are statements declaring that your life not be prolonged by extraordinary means should you have a condition determined to be terminal and incurable or if you are diagnosed as being in a persistent vegetative state.

They can also state a preference to pass away at home rather than in a hospital, and can authorize the donation of organs after death.

Health care powers of attorney list who you would like to make health care decisions for you should you become incapacitated.

Both living wills and health care powers of attorney help prevent family discord during difficult decision making events.

POWERS OF ATTORNEY

General and various special powers of attorney forms will be available. General power of attorney forms grant the complete authority to act in your name to another person. They can create problems if they are not given to trustworthy people, and not all institutions accept them due to their abuse in the past.

Special powers of attorney authorize another to act in your name for a limited purpose such as acting as a child's guardian or selling a vehicle. They are much more widely accepted, but we still recommend you check with the institution you want to accept the power of attorney to see if it is sufficient or if they have their own required forms. The person granting the power must be present at the Retiree Appreciation Days activities in order to complete the forms.

NOTARY SERVICE

North Carolina notaries will be available to notarize any documents or copies. Please do not sign the document before you speak with the notary, and bring in the original document in order to make a notarized copy.

If you have any questions about legal services during the Retiree Appreciation Days activities please call the Legal Assistance Office at (910) 396-6113.

VEHICLE REGISTRATION

This year we will again offer the full range of vehicle and weapons registration services.

A shuttle will operate to transport retirees back and forth between Womack Army Medical Center and the main Vehicle Registration Center at Randolph Street and Bragg Boulevard (Building 8-1078). If you utilize this shuttle, please ensure you have all required documents with you (driver's license, current state vehicle registration, ID card, proof of insurance, proof of social security number if not on your ID card, etc.).

If you're replacing a decal, write the decal number on a sheet of paper, scrape the decal off your windshield, affix the residue to the sheet of paper, and bring that along with you too. If you prefer, you may personally drive to the Vehicle Registration Center, rather than taking the shuttle.

If you're registering a weapon, please bring the following information: serial number, make, model, caliber, finish, and firing action (i.e., bolt action, semi-automatic, etc.). Please do not bring the weapon with you to the facility.

Be aware that all processing must be completed, with all customers completely clear of the facility, by 5:00 p.m. ... so based on length of lines, doors may close slightly, or even substantially, prior to 5:00 p.m. We therefore recommend you be in line as early as possible. The last shuttle will depart WAMC at 2:30 p.m.

Our web site at www.bragg.army.mil can help you speed up your visit. Click on the soldier to enter, on the right-side go to the bottom entry under "Quick Info," which will be vehicle registration. Here you will find registration center locations, hours, applicable regulations, and required forms - including versions of the forms in "Adobe Fillible" format. This format lets you completely fill in the form and print them out from your computer (you do not need special software to do this), and prepare your paperwork in advance. Please phone ahead (910) 432-8193 if you have any questions.
